

Introducing the newest automatic pressure adjusting CPAP device on the market...

Sleep ONE CPAP Family consists of both CPAP and Pressure Adjusting Auto PAP devices. Both devices are versatile, silent, good performers with a reasonable price tag.

Forget about costly accessories, you don't need to pay much for a decent therapy. You don't need to pay for getting your sleep data. Everything is included in this small, durable machine. Everything you need for a comfortable night's sleep. A data logging function ensures you get the right therapy all the time. Bundled with the Sleep One Software package, you get your reports with just connecting your device with a USB cable. Whether you use an AutoPAP or a standard one; nightly reports could be fetched from the device with the aid of the Sleep ONE Software.

Internal power supply, ensures easy handling during travel, and prevents the bulky mess in your bedroom. Only a thin power cable is enough to run the device. Optional accessories are available on demand. An oxygen enrichment adapter; a converter for use with 12V jack in the cars, trucks and boats;

Sleep ONE AutoPAP device, provides a comfortable therapy, with the lowest possible therapy pressure. This is done by the internal algorithm. Auto-On and Auto-Off functions could be stopped if the provider is having a problem with the patient. Sleep ONE Platform gives the patient comfort, reliability and cost effectiveness

Technical Specifications

Pressure Range (cmH2O)	3 - 20 cm H ₂ O (0.5 increments)	
Flow	0 cm H ₂ O	180 L/Min
	20 cm H ₂ O	>50 L/Min
Altitude Adjustment	Automatic	
Dimensions (WxDxH)	18.1 x 15.5 x 11.7 cm	
Weight	1.20 Kg.	
Power Consumption	65 Watt	
Voltage	100-230 V AC	
Warranty	2 Years	
Noise Level	<29 dB	
Report Software	Sleep ONE Software	
Auto-On/Auto Off	Yes	
Mask Off	Yes	
Adjustable Parameters	Ramp time, Ramp Starting Pressure, Auto-on, Auto-Off, CPAP Pressure low limit, CPAP Pressure high limit, Apnea parameter, Mask alert
